

HORSEY GAP, NR29 4EQ

OPENING TIMES: 24 hours
DISTANCE: 0.5 miles
ENTRY FEE: Free (parking charge)

HorseY Gap is best known for being one of the best places in the UK to spot seals in their natural habitat. The beach itself is sandy and has dunes which may make it unsuitable for wheelchair users, but there are some hard surfaces.

There are no accessible toilets or disabled parking available, however ordinarily there are portable toilets available at the weekend. There is also a cafe and often a burger van for refreshments.

Whilst we would always recommend staying a safe distance from the seal pups, you can still see plenty without getting too close. Why not see how many you can count?

THE DRAGONS SAY:

'It is amazing to see so many seals.'
'I liked the marshals, they were nice and told us about the seals.'
